RICHMOND WATER REPORT PRINTED BY UNION MEN

Attempt Being Made to Create Tempest in Tea Pot Over the Printing Report on Proposed Water Supply for the Municipal Water District—Record-Herald Has No Apologies to Make to Anyone in the Matter—Union Printers and Union Binders Did Work.

The business agent of the Building Trades Council is attempting, through the medium of a certain newspaper in this city to stir up a tempest in a teapot over printing of the report of the water directorate. The real intent of the article is to create trouble simply on account of the fact that the Record-Herald was the successful bidder in competition for the work, and saved the water commission hundreds of dollars on the work.

The job was of such a character that there is not a printing office in the city of Richmond that is equipped to do the work, and the Record-Herald did as any other office would have to do, had the work done under its supervision by an outside shop.

The type was set on linotype machines by union men, was made up by union printers, and was a first-class piece of work in every particular.

The Record-Herald has no apologies to make to any one in the matter.

Owens Files Justification Answers Many Charges

Senator Jas. C. Owens has filed his justification with the county clerk which will appear on the recall ballot. Here it is:

My answer is, will the people of Contra Costa and Marin consent that San Francisco Barbary Coast dive keepers and labor bosses will represent our people in the senate? If these self-constituted leaders of a minority can recall a legislator who refuses to desert the majority of the people at their bidding, then our laws might as well be made by these lobbyists in San Francisco.

I supported all measures which were in the interest of the masses, union and non-union and my recall is sought because I refused to be bullied into voting for vicious bills not in the interest of the whole people, which would have been destructive to many of our industries and which were designed to make the domination of those dive keepers

and labor bosses more complete.

The Contra Costa County Central Committee decided that I did not violate the principles of the Democratic platform and that I did my best to represent all the interests of this district, farmers and manufacturers, but I did refuse to be a party to measures which would have injured our factories, increased the burden of taxpayers, and driven industries from our midst.

I was present at most all roll calls of importance and only absent on public business. I was a member of several important committees and worked hard to pass bills securing to Richmond its tidelands; also a bill, which passed the last days of the session, appropriating \$25,000 for San Rafael Creek, as well as many other measures.

Being limited to 300 words on ballot a specific answer will follow in the press.

JAMES C. OWENS.

HORDE OF UNEMPLOYED ARE DUMPED ON RICHMOND SOIL

Eighteen Hundred Members of the Army of Unemployed on Their Way to National Capital are Dumped on Municipality by Sister City of Oakland—Authorities Furnish Food and Fuel for Able-Bodied Men—Part of Army Shipped to Benicia Today on S. P.

Vanguard of Army Reaches Benicia

BENICIA, March 6.—The vanguard of the army of unemployed reached Benicia at 12:40 p. m. and were met at the ferry by Sheriff McDonald and an armed posse of deputies and police. The railroad company was compelled to sidetrack the cars containing General Thorne's command and they are to be given a meal while on the cars and then will be shipped on to Davis, this state. The balance of the army will be accorded the same treatment as they arrive during the afternoon on the different S. P. trains.

Adjutant General Forbes arrived here shortly after the advent of the first detachment of unemployed and after looking over the situation decided that the state could do nothing towards handling the travelers. He stated that it would be preposterous to call out the militia for the reason that the unemployed were inoffensive and were not committing any depredations.

Mayor O. R. Ludwig and Chief of Police James P. Arnold had a busy day yesterday looking after the eighteen hundred idle men who form the army of unemployed who are on their way to the national capital for the purpose, as one of their leaders gave out last evening, to influence congress and the administration to curtail the immigration from Europe and the Orient.

As the members of the army were dumped on Richmond soil by the Oakland authorities penniless and without food it was up to the mayor and the city council to see to it that the eighteen hundred stomachs were filled with victuals. To satisfy the demands of the men fuel and provisions were purchased by the city and shipped out to the camps. Eleven hundred men comprising General Kelly's army were camped at the corner of Macdonald

PLENTY TO EAT

The following provisions were furnished the army of unemployed last evening by the Richmond municipal authorities:

- 3 truck loads of wood.
- 1,000 pounds of meat.
- 800 loaves of bread.
- 1500 pounds of potatoes.
- 300 pounds of onions.
- 300 pounds of beans.
- 3 cases of milk.
- 200 pounds of sugar.
- 2 cases of soap.
- 100 pounds of salt.
- 20 pounds of pepper.

TEMPERANCE MEETING HELD AT BAY POINT

A special meeting of the pastors of this county, together with the members of the Epworth League and ladies of the W. C. T. U., was held at Bay Point today for the purpose of starting a campaign for county wide prohibition.

One of the chief speakers of the day was Rev. Guy A. White of the First Presbyterian church of this city who heartily endorsed the plan and stated that he would lend his untiring efforts to the cause.

The action of the Epworth League members, the pastors and the ladies of the W. C. T. U. was brought about by the state wide prohibition war that is being waged at the present time.

SAN PABLO BOY IS RECOVERING FROM INJURY

Clifford Hottenger, the 11-year-old son of Mr. and Mrs. Hottenger, residing at San Pablo, is reported to be rapidly recovering from the effects of a badly injured right leg which he sustained when a heavy timber under which he was playing slipped and fell, splintering one of the bones in that member.

Dr. Camp was called in to attend the injured boy and reports his condition to be greatly improved.

SCHOOLS HONOR ARBOR DAY BY SHORT PROGRAM

Today being Arbor Day in this state the children and students of the various Richmond schools were given short talks by their respective teachers in regard to the conservation of plants and trees.

Each class was entitled to a few moments from their studies during which the talks and readings were rendered by the teachers.

AMBULANCE TAKES LADY TO HOSPITAL

The E. B. Smallwood ambulance was called to Giant today to take Mrs. Frances McNamara, who is suffering from a serious malady that demands an immediate surgical operation, to the Roosevelt hospital.

She survived the trip in excellent shape and was immediately taken to the operating room where her ailment was attended to.

ELKS SET DATE FOR DEDICATION OF NEW BUILDING

The dedication committee of Richmond lodge B. P. O. Elks, at a special meeting held on Monday evening, decided to hold the dedication services of their new \$40,000 home on the Saturday evening of April 25th.

LADIES AID HOLD BUSY MEETING

The Ladies Aid Society of the First Presbyterian church met in the church parlors today for their annual business meeting and also to elect officers for the coming year.

A feature of the afternoon's affair was the report of the business committee which reported the paying of the debt for the church carpet which amounted to \$160.

The members of Women of Woodcraft, Log Cabin Circle No. 508, have completed arrangements for the holding of a St. Patrick's whist party in Bank hall, on the evening of March 10th. The committee which will have charge of the party follows: Mrs. B. L. Richards, Mrs. A. Penning and Mrs. A. Stoker.

Kytka Uncovers Many Forgeries In Petitions

SACRAMENTO, March 6.—Numerous forgeries to the recall petition filed against State Senator J. C. Owens of Richmond were discovered yesterday by Theodore Kytka, a handwriting expert under the employ of the Democratic state central committee.

The Owens recall election is set for March 31st. Kytka went over a good portion of the petition filed from Contra Costa county and found many names written by the same hand. The Marin county petition the other county in Owens' district, will be examined by Kytka.

Senator Owens yesterday filed his

answer with the secretary of state to the charges on which labor interests demanded his recall. Owens asserts the campaign to recall him was conceived by the barbary coast and lobbyists disinterested with his stand on legislation. Owens says he voted for all measures in the real interests of the people.

A third opponent against Owens filed his nomination papers with Secretary Jordan yesterday in the person of Charles Simmons Fisher of Richmond. Fisher's petition contained 177 signatures. The required number to validate the petition is 139.

Illustrated Lecture At Lincoln School

A feature of the evening's address of C. E. Butterfield, who is to speak in the Lincoln school this evening on "California Industries" will be a number of slides showing the various manufacturing industries of Richmond which have been loaned to Mr. Butterfield through the courtesy of the Sequoia Commercial club of this city.

The lecture to be held this evening is one of the first of a series that will take in all of the principal towns in this state in each of which the million and one industries in this state will be exploited.

GET TOGETHER LUNCHEON BY LOCAL CLUB

The Sequoia Commercial Club will have a luncheon service in the Hall at 812 Macdonald avenue on Friday, March 13th, between 12 m. and 2 p. m., to members and prospective members. The object is to get together and prominent speakers will give short talks on various subjects of interest while the luncheon is progressing. This plan of getting together in other places has worked out very successful. The expenses will only be 35 cents per plate and the secretary will mail return cards in order that an estimate can be made of how many will be present.

Mr. and Mrs. E. W. Byrn together with Mrs. I. N. Grove and Mrs. Truman of San Francisco, left yesterday for a three days' auto trip to Brentwood.

ATTORNEY CLARK WILL RUN FOR SUPERIOR JUDGE

Attorney C. A. Clark, who has been practicing law in this city for the past five years, today announced his candidacy for judge of the superior court of Contra Costa county. He will run on the Democratic ticket.

Judge Clark has been identified with the Democratic party during all of his life and has been a practicing attorney for many years. He is a graduate of the University of Virginia and is considered one of the ablest lawyers in the state.

Mr. Clark will endeavor to interest the voters of the county in his behalf. He is possessed of the judicial temperament, that characteristic so necessary in a good jurist, and will make a good judge if elected.

Frank Gardner, the local realty operator, has returned from a three weeks' trip spent in Fair Oaks.

FANS HOPE TO SEE RICHMOND TEAM WIN GAME

On Sunday afternoon the crack Richmond team will tangle with the fast Burlingame nine at the First street grounds for the fifth game of the season. Manager "Dick" Greathouse the dynamo of the Richmond team stated that every one of the players on the local lineup are in excellent form for the coming contest which promises to be a sizzler from start to finish.

The team at the beginning of the season representing a piece of clay has been carefully moulded and pounded into shape until at the present time it is considered a piece of baseball art.

What Barney Oldfield is to racing, what Jeffries was to boxing, "Dick" Greathouse is to the Richmond team.

This evening the entire team will appear on the First street grounds for practice.

Following is the lineup for Sunday's game:

Standard Oils—Burns and Gordon, p; McCormick, c; Ingram, 1st b; Shaw or Tonert, 2nd b; Kiefer, 3rd b; Hyatt, short stop; Hayes, left field; Woodbury, center field; Bradley, right field.

JOHN NICHOLL WILL SUBMIT ANOTHER PLAN

It is said John Nicholl has outlined another plan to unravel the alleged tunnel tangle. Nicholl was in Richmond yesterday and submitted the plan to several persons on the streets and stated that he had the assurance of several members of the city council that the plan would be accepted. The details of the plan could not be secured by the Record-Herald representative, but it is said that it involves the cutting through of a new street between Oregon avenue and the gas wall site.

It has been given out that the plan will be submitted to the city council at a special meeting to be held tomorrow evening.

A number of the young friends of Richard Winfree will gather at his home, 245 Fourth street, this evening, to tender him a reception on his return from the Hitchcock Military Academy.

c; Norton, 1st b; Beck or Campbell, 2nd b; Ireland, 3rd b; Kerrigan or Landers, short stop; Cunningham, left field; McCormick, center field; Benn, right field.

INDEPENDENT DEMOCRAT

Official Paper of the City of Richmond

Editorial Department

"To Observations Which Ourselves We Make, We Grow More Partial, for the Observer's Sake."

STATE AND NATIONAL PROHIBITION

It would be rather a queer sort of idea, for California, if this state should happen to go prohibition this fall and steer the million or two visitors to the great world's fair of 1915 up against nothing more exhilarating than butter-milk, ditch water or prape juice of the Bryan or Winehaven brand. Somehow we have never been able as yet to square state or national prohibition with sound principles of democratic government. Sumptuary legislation is effective, we hold, only where dominant sentiment upholds it. Local option—which expedient embodies the essence of democratic principles—begets the same result in exact proportion to the prevalence of dominant prohibition sentiment.

But there are numerous signs and auguries these days of prohibition sentiment insidiously turning the cascaet stunt—that is, working while you sleep. The question is now before congress in the form of a proposed constitutional amendment, and members of both house and senate are looking upon it with a great deal more favor than may be suspected at the grass roots. We have something like seven or eight prohibition states at this time, and the issue is far from dead in numerous others. California and Texas are fairly lathering under the collar—ever it right now and either one or both are apt to go clear prohibition at any time, much of the territory in this state already being "dry." The whole south is in a ferment, and both north and south, as well as part of the east, are displaying keen interest in the activities of the saloon.

We do not look for national prohibition to be brought about by amendment to the federal constitution—not, at least, for many years to come—for the same reason that we do not look to see woman suffrage come in that way; but we do expect to see the restricted territory grow and expand with cumulative momentum as the years go by. The people are gradually getting their eyes open to two or three vital facts. First, they are recognizing more generally than ever that the saloon is a positive menace to wholesome political conditions; second, that alcohol, whether labeled "bottled in bond whisky" or otherwise, is a deadly poison to both body and mind; and, finally, that the way to kill a serpent is to put your foot on its head.

The public as a rule cares little for fine distinctions in political philosophy. It seldom stops to enquire, when aroused to the enormity of an evil, whether the weapon chosen to fight it dovetails in nicely with traditional principles or not. What the people nowadays are after is results. So, we look for questions involving method to play an insignificant part in the equation when it comes to finding means for suppressing the evils of the liquor traffic.

Twenty years ago the individual who suggested national prohibition was looked upon as a sort of harmless idiot who devoted his days to dream-land dreams and his nights to seeing visions; but today you find them everywhere. The new third party makes the question one of its cardinal tenets. The older parties will refuse to take it up until driven to it; but we would certainly witness some plain and fancy ducking and sidestepping, particularly on the part of representatives from states where prohibition sentiment is aggressive, if the matter should, by any hook or crook, get before congress at this time.

There is probably little likelihood of national prohibition during the present generation, for there is too much preliminary work therefore; but it is as surely coming as is the sun to shine, and its coming will be accelerated every time we add woman suffrage to any state's other virtues, and that is going to be done right along even faster in future than in the past. It's lucky that Sam Blythe, Jack London and—er, a few of the rest of us, swore off when we did.

The g. o. p. oracles say there has been no reduction in the high cost of living, yet with the next breath roar about the increased importations of foodstuffs. Have patience, gentlemen. The world was not made in a minute, and this administration has only been in one short year. Give it time. If foodstuff importations are on the increase price reductions must follow in due time.

THIRTY SHIPPING POINTS IN COUNTRY THREATENED

MARTINEZ, March 6.—Thirty shipping and industrial points in Contra Costa county are affected by the recent traffic readjustment of the railway companies in which terminal rates are to be abrogated to the disadvantage of Antioch, Avon, Bay Point, Crockett, Glant, Glen Fraser, Hercules, Luzon, Maltby, Martinez, Muir, Nichols, Nitro, Nobel, Oleum, Pacheco, Peyton, Pinole, Pittsburg, Port Costa, Prince, Rodeo, Rheem, San Pablo, Selby, Torner, Vallejo Junction, Vigor, Vine Hill.

Terminal rates are granted where the points are so placed in relation to navigation that they are capable of being brought into competition with ocean navigation. The rate so granted is the tariff imposed from Missouri river points to San Francisco.

Where it is other than a terminal point the rate is to San Francisco plus the local tariff from San Francisco to the interior point not holding that advantage.

On the initiative of San Jose, Santa Rosa, Marysville and other

places which have been deprived of the terminal advantage an appeal has been taken to the Inter-State Commerce Commission.

The commission is asked to readjust the tariff affecting all carriers entering the state, that would impose upon California shippers an increased expenditure estimated at between \$10,000,000 and \$15,000,000 a year. The effect otherwise will be to leave San Francisco, Oakland and San Diego the only cities in the state enjoying terminal rate benefits.

In one instance alone in this county, that of Hercules, \$55,000 a year was paid in excess of what was paid on foreign freights before it was given terminal advantages.

At the prompting of John Birmingham who has awakened the industrial leaders of the counties to the menace of the situation, Sheriff Veale, Chairman Trythall and Supervisor McBryde will call a meeting of the captains of industry to prepare to have Contra Costa county represented at the hearing in Washington.

SAGE TEA DANDY TO DARKEN HAIR

Look years younger! Use the old-time Sage Tea and Sulphur and nobody will know.

You can turn gray, faded hair beautifully dark and lustrous almost over night if you'll get a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy" at any drug store. Millions of bottles of this old, famous Sage Tea Recipe are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray, becoming faded, scraggly and thin have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful—all dandruff goes, scalp itching and falling hair stops.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur tonight and you'll be delighted with your dark, handsome hair and your youthful appearance with a few days' use.

COMMISSION CUTS PHONE RATES AGAIN

The railroad commission issued an order today modifying its readjustment of long distance telephone rates of the Pacific Telephone and Telegraph company and further reducing the annual sums for long distance service.

The new rates will go into effect March 21. The company will lose approximately \$500,000 yearly in tolls.

The commission makes two changes, the first affecting the rate within the 44 mile zone and the second affecting the two party service.

The modification provides for the following changes:

Up to 44 miles—Ten cents for the initial rate of two minutes or less, and 5 cents for each additional minute overtime.

From 44 to 29 miles—Fifteen cents for the initial rate of two minutes or less, and 5 cents for each additional minute overtime.

From 29 to 44 miles—Twenty

This Corset is conceded to be the triumph of artistic modeling. Without distorting the figure they obtain the effect demanded by fashion. The shapes are so varied that it is possible for any woman to obtain the corset best suited to her own form. This corset can be obtained in only 3 stores around the Bay—one in San Francisco, one in Oakland and the A. G. WEEKS CO., in Richmond.

Priced from \$1.00 to \$5.00

Models from \$3.00 Upward will be fitted.

New Spring Millinery

The showing here will be a revelation of beauty and economy such as will be seen at no other store in Richmond. All the models shown in the most exclusive shops are duplicated here and artistic hands are ready to give any little twist or turn that will make a model most becoming to the face.

Miss Anna Cunningham, a lady well known in millinery circles of the Coast is in charge and will be pleased to meet all the ladies of this city and show them the wonderful new creations in headwear.

Notice of Sale of Property Delinquent for Non-payment of Bond Issued for the Improvement of Florida Street.

DEFAULT having been made in the payment of the installment of the principal and interest of that certain street improvement bond hereinafter described which became due on the 2nd day of January, 1914:

And the holder of said bond having, on the 28th day of January, 1914, duly demanded in writing that the City Treasurer of said City of Richmond proceed to advertise and sell the lot or parcel mentioned in said bond and hereinafter described, to represent an assessment upon which said bond was issued for making certain improvements on Florida Street, in the City of Richmond, pursuant to and under the provisions of Resolution of Intention No. 131, of the City of Richmond; and the said bond, or its unpaid remainder, with accrued interest, as expressed in said bond, having thereupon become due and payable immediately, and upon the day following, to-wit: the 3rd day of January, 1914, having become delinquent, and the whole amount due on said bond not having been paid;

NOW, THEREFORE, notice is hereby given that I, I. R. Vaughn, City Treasurer of the City of Richmond, under and by virtue of the authority vested in me by law, will, on the 25th day of March, 1914, at the hour of 10 o'clock A. M. of said day, sell at public auction the real property hereinafter described and mentioned in said bond, at the office of the said City Treasurer of said City of Richmond, unless the amount due on said bond and the interest due thereon, together with the cost of publication of this notice are paid, according to law; and that I will so sell the same to the person who will pay the amount of unpaid principal and interest due on said bond, together with the cost of publication of this notice; that the said sale will be made in accordance with and under the provisions of an Act of the Legislature of the State of California entitled: "Improvement Act of 1911," Approved April 7, 1911.

That the said bond referred to in this notice is described as follows: Street Improvement Bond, Number 169, Series 37, Assessment Number 63, in the City of Richmond, County of Contra Costa, State of California, for the sum of Three hundred sixty four and one one-hundredths dollars (\$364.01) bearing interest at the rate of seven per cent. per annum, issued for the improvement of Florida Street, in the City of Richmond, from the easterly line of Tenth Street to the westerly line of Sixteenth Street, said bond is dated February 24, 1913, and is issued to represent the assessment upon the hereinafter described property mentioned in said bond for the street improvement above mentioned.

That the property mentioned in said bond, and to represent the assessment against which for said street improvement said bond was issued, is that certain parcel of land situated in the City of Richmond, County of Contra Costa, State of California, more particularly described as follows, to-wit: Lot Number Eighteen (18) Block Number Four (4) as delineated upon that certain map entitled, "Nyström's Addition to Town of Point Richmond," filed in the office of the County Recorder of Contra Costa County, State of California, March 20th, 1903.

That the amount due on said bonds is as follows:

Due on principal thereof, Three hundred sixty four and one one-hundredths dollars, (\$364.01); Due on account of interest accrued on said bond, Twenty-one and eighty one-hundredths dollars, (\$21.80);

Total amount due on said bond, Three hundred eighty-five and eighty-one one-hundredths dollars, (\$385.81);

That the name of the owner of said property mentioned in said bond is Joichi Mayeda.

Unless the amount of said bond, as aforesaid, together with the cost of publication of this notice is paid, the real property mentioned in said bond, and hereinafter described, will be sold at public auction, as aforesaid, on the 25th day of March, 1914, at the hour of 10 o'clock A. M. of said day, at the office of the undersigned, City Treasurer of the City of Richmond, 420 Macdonald Avenue, said City.

This notice shall be published twice in the Richmond Record-Herald, a newspaper of general circulation, published in the said City of Richmond, which said newspaper is hereby designated as the newspaper in which this notice shall be published.

I. R. VAUGHN, City Treasurer of the City of Richmond.

Dated, Richmond, California, March 5, 1914.

First publication March 6, 1914.

Last publication March 7, 1914.

FASTEST GROWING TOWN IN AMERICA OF ITS AGE

Herbert Brown Prints the Truth—Cutting Boulevard About Finished—Bouquet Planting Bouquets—Fitzpatrick Getting Busy—New Man on the Ellis Co. Firing Line—Burg Bros. Demand Improvements—McLaughlin Playing Ball—Nicholl Coughs UP Coin—Gignoux has a Pain—Cutting Nailing Boards—Wall Feels Spring Impetus—McPherson Gingles Dollars—Sequoias to Feast and Give Talkfest, and Everybody Else is Up and Doing

One of the finest advertisements of Richmond ever designed or put out is a large folder just issued by Herbert Brown. It is a model of the printer's art and every resident of Richmond ought to carry one in his pocket and show to the stranger within our gates. A part of the folder is devoted to showing the Andrade tracts owned by Mr. Brown, but by far the larger part is devoted to showing the whole of Richmond and telling about its wonderful growth. There is one large page 16x19 devoted to the elegant new business houses, which have been erected here during the past few years, and the following statement is made: "In 1905 the average price for the lots upon which these buildings stand was \$500. In 1914 the adjoining unimproved lots are worth from \$5,000 to \$20,000." This certainly speaks volumes. Another large page shows Richmond's manufacturing enterprises, with their payrolls, investments, outputs, etc. Still another page shows the residences which people have built out of the money they used to throw away on rents. Herbert Brown is always doing some such stunt as this, and it is a big benefit to Richmond.

Improvements are going on all over town and upon the residence tracts in every direction. On the Canal Subdivision the dredge is still at work digging out the canal and finishing up the grade on Cutting Boulevard, which will be completed in a few weeks. A system of side sewers are also being put in, to connect with the main sewer on Ashland avenue. Cutting is to put on another section of the subdivision pretty soon, and is planning extensive improvements on it.

Bouquet & Moran have let a contract to plant many hundreds of beautiful acacia trees on their Richmond City Center tract adjoining town on the northeast, and when this work is done the tract will present a very pleasing appearance. Much work is also being done in the way of sidewalks, sewers, streets, etc. A number of nice residences will go up in that section this season.

E. J. Fitzpatrick, general manager for the J. W. Wright company, was here a few days ago, looking over the field and making arrangements to continue improvements on the Emery tract, in the northern section of the city. This scribe lives out there, and can stand in his front porch and count dozens of fine residences going up. It is one of the best residence sections of Richmond, the only drawback being that in another few years we will all be bothered by buyers wanting our sites to put up apartment houses and family hotels.

While nosing around San Francisco in search of any information not spiced down we ran into a new man, and he is a fine-looking fellow. It was E. C. McIntyre, just from New York City, and he is now in charge of the advertising and publicity department of the Ellis Landing and Dock company, of which Mr. Emanuel is president. Mr. McIntyre has had a wide experience in the east and he says that in his judgment Richmond has the most promising opportunities for realty investments of any city in America of its size. It is as good as a show to get him started on the beauties of the Ellis Landing tract. We interviewed him, and among other good things he said: "This company is creating at Richmond a second Bush Terminal, which is one of the most important wharf and warehouse properties in the world; it is located across the harbor from New York in Brooklyn and in that respect is exactly like Richmond and San Francisco." An immense fill of 75,000 yards a month is being made by the Ellis company, and lots are going like hot cakes.

Burg Brothers are very anxious to get the 23rd street sewer contract under way, and want to know what the reason is for the delay. They state that a San Francisco firm of capitalists stood ready to build 140 bungalows on the Nicholl-Macdonald tract and were deterred by

the lack of sewage and the poor outlook for getting it. They are also much put out over the delay relative to the widening and paving of 23rd street, and state that they are ready to do anything desired of them by the city within the bounds of reason. These gentlemen are entitled to consideration from everybody here, for they are third highest taxpayers in Richmond, paying even more than the Santa Fe railroad. They paid over half a million for the Nicholl-Macdonald tract and are now expending a quarter of a million more in improvements.

Enthusiasm continues high over the fact that the United States government is going to spend a million dollars on the Richmond harbor, commencing with the \$100,000 appropriation for this year. This, with the million and over already on hand assures Richmond becoming a great world's shipping port in the immediate future.

The Inner Harbor, as surveyed by Colonel Thomas H. Rees and approved by the Army Board of Engineers for Rivers and Harbors, is no small affair. It will accommodate enough of the world's commerce, sweeping through the Panama Canal, to build a real city. The new harbor has an entrance channel 3300 feet long and 600 feet wide between the pierhead and bulkhead lines and 10,500 feet long. This main channel and basin are both to be dredged to a depth of thirty feet ultimately. They will have a depth of 24 feet to begin with. An arm with a 20-foot depth for shallower shipping and extending 4000 feet in a northerly direction, will be added to the main basin. Work on the

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

We do expert machine work for planing mills, laundries, power boats, printing presses, gas engines, etc., and recharge storage batteries.

OIL PAINTING TO BE GIVEN TO RODEO CLUB

At the meeting of the Rodeo society of the Richmond high school to be held this evening in the assembly room of the school, Miss Carrie Redwell, at the present time attending the state normal school at San Jose, will present the club with a beautiful oil painting by William Adams of the San Carlos mission.

The members of the society have arranged a short comedy sketch entitled "The Professional Gardener," for the early part of the evening.

NO! FOR THE CALICO CARNIVAL

Consider yourself cordially invited to be present at the correctly constructed and considerably combined calico carnival to be held at the Calvary Baptist church, on Thursday night, March 21, 1914. Conspicuous courses served in confused compactness at inconsiderable cost, namely: One conglomerated compound circle, one cup of communicative cordial (containing no chicory), one cider cured cucumber. Rules and regulations: All ladies to wear a calico gown, also requested to bring one half pound of carefully cut carpet rags. All gentlemen to wear a calico tie and kindly requested to bring a thimble.

Fines will be imposed for the following: Any lady who fails to bring one half pound carefully cut carpet rags, 10 cents; any gentleman who fails to wear a calico tie, 25 cents; any gentleman who fails to bring a thimble, 5 cents.

P. S. There will be for sale cheap, cunning calico conveniences, that will be a constant comfort.

N. B. Any person who sits in a corner and fails to converse will be fined 5 cents.

The sale of calico conveniences will begin at 7:30 p. m. prompt, after which will be held an "old time" spelling bee.

CALWA COMPANY TO DISINCORPORATE

The Calwa Products company has filed its application with the county clerk at Martinez to be dissolved as a corporation. It is one of the subsidiary companies of the California Wine Association and under the re-adjustment of affairs its corporate form is no longer required. Only four persons are holders of the 4030 shares of stock that have been issued. The directors are C. O. G. Miller, F. W. Van Sicklen and W. Hanson. The capitalization is one million.

DOUBLY PROVEN

Richmond Readers Can No Longer Doubt the Evidence.

This Richmond citizen testifies long ago.

Told of quick relief—of undoubted benefit.

The facts are now confirmed. Such testimony is complete—the evidence conclusive.

It forms convincing proof of merit. Mrs. James Wright, 1115 Roosevelt avenue, Richmond, Cal., says:

"I was troubled all the time with weakness and pains in the hips and joints. I was almost laid up. I got up in the morning feeling so tired, lame and worn out, that it was all I could do to start my housework. My kidneys were weak and I felt cold. I tried everything I heard of, but didn't seem able to get relief until I began taking Doan's Kidney Pills. I soon felt like a different woman. After I had used four boxes, all the ailments had gone and my health was fine."

No Trouble Since. On April 21, 1913, Mrs. Wright was interviewed and said: "I haven't had a sign of kidney complaint since Doan's Kidney Pills cured me some years ago. You may continue using the endorsement I have given them before."

For sale by all dealers. Price 50 cents. Foster-McBarn Co., Buffalo, New York, sole agents for the United States.

(Continued from Page 4)

main channel and the inner basin will be the first to be carried out.

Senator Owens is playing politics just now, leaving all the digging and street improvements on the Owens tract to Boone and Van der Zweep. We looked over their hands this morning, but couldn't find any blisters from handling the shovels and scrapers, and believe they are I. W. W.'s and do most of their hard work with typewriters and fountain pens. And neither one of them carries a card in the ditch-diggers' union, either. The agitators of the union crowd here are also threatening to take the Senator's card in the legislative brick-laying union away from him, but he says they can't do it by about a million miles. Anyhow, the improvements on the tract are going on, and that's the main thing.

Major McLaughlin is still playing ball, and may be expected to throw a hot one clear through the captain of the Knockers nine at most any time, with a dull, sickening thud.

John Nicholl gave \$25 of real money to the hungry army of the unemployed. John is easy. Anybody that can't work him is not on to the job. The rumor that he is going to be a candidate for mayor to succeed Ludwig is unfounded in fact.

Claude Gignoux has a good story about the opening of the Gateley ranch tract and the coming of the new automobile factory, but we could not get it out of him with a crowbar or corkscrew, because he had an ulcerated tooth that day and didn't love anybody. We'll get him next week sure.

Henry Cutting is building a new house down near Hayward on his estate as big as a hotel, and as he is over there most of the time lately we suspect that his better half has probably decreed that he don overalls and help tack on the whingles. Serves him right. The Lord intended that we should all earn our pork and cabbage by the sweat of our Websterian brow, and that is the kind of a brow that Cutting has.

George Wall is preparing a campaign for the building of the Richmond Civic Center on his Harbor tract, and also for the establishment of a magnificent park there where the children and the grownups can all gambol on the green. Mr. Wall is in dead earnest in his desire to bring these important improvements about, and Guy Stokes studies it out during the day and dreams of it at night. It is a big scheme and of great merit.

George McPherson sold another Boulevard lot yesterday and don't know whether to buy diamonds or put up a building with the money. Lots over there that brought hundreds a few years ago now bring thousands.

On Friday, the 13th, the Sequoia Commercial Club is to give a big 20-cent luncheon, at which time prominent speakers will deliver short talks that will be of interest to everybody in Richmond. Be sure to be on hand on that occasion and help boost Richmond.

POLITICAL ANNOUNCEMENT

I hereby announce myself as a candidate for Superior Judge of Contra Costa county, subject to the will of the Democratic party at the primary election, to be held the second Tuesday in August.

C. A. CLARK.

Mrs. Mary Peres let a contract yesterday afternoon to Flah & Morton, building contractors, for the erection of two bungalows on the west side of Thirteenth street, between Nevin and Barrett avenues.

**IF KIDNEYS ACT
BAD TAKE SALTS**

Says Backache is a sign you have
been eating too much meat
which forms uric acid.

When you wake up with backache
and dull misery in the kidney re-
gion it generally means you have
been eating too much meat, says a
well-known authority. Meat forms
uric acid which overworks the kid-
neys in their effort to filter it from
the blood and they become sort of
paralyzed and loggy. When your
kidneys get sluggish and clog you
must relieve them, like you relieve
your bowels; removing all the body's
urinous waste, else you have back-
ache, sick headache, dizzy spells;
your stomach sour, tongue is coat-
ed, and when the weather is bad
you have rheumatic twinges. The
urine is cloudy, full of sediment,
channels often get sore, water scalds
and you are obliged to seek relief
two or three times during the night.

Either consult a good, reliable
physician at once or get from your
pharmacist about four ounces of Jad
Salts; take a tablespoonful in a
glass of water before breakfast for
a few days and your kidneys will
then act fine. This famous salt is
made from the acid of grapes and
lemon juice, combined with lithia,
and has been used for generations
to clean and stimulate sluggish kid-
neys, also to neutralize acids in the
urine so it no longer irritates, thus
ending bladder weakness.

Jad Salts is a life saver for regu-
lar meat eaters. It is inexpensive,
cannot injure and makes a deli-
cious, effervescent lithia-water drink.

Eye Talks

If you have to remove your
glasses to rest your eyes, they do
not fit, a glass is worn to rest the
eye and increase its power. The
fitting of an eye glass is as im-
portant an operation as any per-
formed with the knife. You
should see that you get the best
of service. Cross eyes, itchy and
watery eyes, jerking of the eye
balls are generally caused by er-
rors of refraction.

SURVEYOR WAS PAINFULLY BURNED

MARTINEZ, March 6.—C. H. Smith of the State Highway Surveying corps now operating between here and Crockett, is one of the few men who live to tell of 11,000 volts of electricity passing through them. This occurred to him yesterday afternoon while out in Shepherd canyon on the McNear lands. He threw his wire threaded measuring tape over a wire which he mistook for a telephone cable. He was knocked to earth while the current spluttered in flame from the hand that clutched the tape. His associate, E. P. Ball, at peril to himself, bravely went to the rescue of his fallen comrade and with a record book struck the tape a blow that broke it loose from Smith's grip. The act cost Ball painful burns on the index fingers of both hands and he too was stricken to the earth. The other members of the party addressed themselves to aiding Smith who was unconscious for fully half an hour when Dr. E. B. Fitzpatrick was summoned and Smith was finally restored him enough to be removed to the Martinez hotel, where the party is stopping. His left hand is burned but Smith declares he is not otherwise suffering from his close call with death.

SOTO ANNOUNCES HIS CANDIDACY

A. J. Soto for the past two terms assistant to District Attorneys Alvarado and McKenzie on Thursday announced his candidacy for the position of public prosecutor of Contra Costa county.

Mr. Soto's close friends have been practically certain for several weeks that he would soon declare himself and their confidence in his decision to make the race next fall is found to be fully justified. Mr. Soto is well known throughout the county and will prove a formidable candidate for the office of District Attorney. His friends are numbered by hundreds and they have already proffered their hearty support. There are now three candidates in the field, Mr. Soto, A. S. Ormsby and T. D. Johnston the two former present and the latter a former assistant to the District Attorney.

Dr. C. R. Blake makes a specialty of all eye, ear, nose and throat troubles. Glasses accurately fitted. Offices in Pillow Bldg., 707 Macdonald ave., at Seventh st. mar5-1yr

CREW OF SCHOONER NABBED BY SHERIFF

MARTINEZ, March 6.—Undersheriff William Veale and deputies Howard Veale and John Birmingham made a hurried trip up the bay to Bay Point Thursday morning to arrest the crew of the scow schooner Champion the members of which were accused of stealing 700 feet of five inch rope from the lumber yards. The schooner was found at the old smelter dock and Captain William Wardley, Harry Good and J. Harper were arrested. The lumber yard superintendent did not desire to prosecute so the three men were released upon the rope being returned.

LEAGUE WILL HEAR TALK ON IMMIGRATION

The fourth meeting of the University extension league will hold a meeting in the Lincoln grammar school on Tuesday evening, at which time J. H. Parker, member of the California Immigration board, will speak.

Although the subject upon which Mr. Parker will speak has not as yet been announced it is probable that it will be in regard to the handling of the immigrants of the far east in which class are the Hindu, the Japanese and the Russian.

WILL ORGANIZE FOR CHARITY

A meeting of the committee of ladies from the Richmond club met at the home of Mrs. W. R. Scroggs No. 525 Nevins avenue, last evening and took up the project of organizing a charity association in this city. The movement was inaugurated by Mrs. Scroggs some time ago and the Richmond club appointed a committee to devise ways and means to effect a permanent organization through which charity in this community can be dispensed in a systematic way.

At a meeting last evening several ministers of the gospel were present and offered to co-operate with the ladies in any movement that would ameliorate the condition of the poor of the community.

It was decided that little could be done in the way of a permanent organization until the co-operation of the members of the West Side Women's Improvement club was secured. A committee was appointed to confer with the west side club women.

It was decided to secure the services of Mrs. Felton, head of the Associated Charities of San Francisco to come to Richmond in the near future to address the people of the community on the methods of the charity organization of the metropolis.

CLUB MEMBERS TO WAR ON GARBAGE

The members of the Richmond club, together with Assistant Superintendent of Streets Frank Welch, are taking drastic steps toward cleaning up the garbage and rubbish in both the residence and business districts of the city.

A cleanup committee with Mrs. J. E. Osborn at the head will go on an inspection tour of the city on Monday afternoon.

HIGH SCHOOL NOTES

By Earl McCann

A number of the students of the high school were escorted through both the camps of the unemployed last evening. Among those who were the guests of General Kelly and General Thorne were Press Adams, Holloway Jones, Joe Sharpe, Walter Hadley, Ray Larrabee and Harold Donnelly.

The members of the Rodeo Club have completed all arrangements for their one-act comedy playlet to be staged in the school assembly room this evening.

Track Captain Lipp reports all his men to be in the pink of condition for the coming dual meet which is to be held with Antioch on Saturday afternoon, April 21st.

A number of the students of the school are planning to hike over the Berkeley hills to Grissley Peak tomorrow afternoon. Some of those who will probably make the trip are Gus Axelsson, Dana Cox, Ervin Barr and Justin Price.

UNEMPLOYED OFF FOR THE NORTH

(Continued from Page 1)

W. element were camped a mile further north near Grand Canyon chateau.

Last evening hundreds of people in automobiles from this city went out to see the sights and talk with the men who seem to be happy and enjoying life. They look like they have been well fed and do not seem to be in want of anything except a few who are sadly in need of clothes. The men, while guests of the city, have been orderly and have refrained from acts of violence, although the San Francisco papers have printed columns of stuff telling of the riots and acts of vandalism committed by the followers of General Kelly.

The main portion of the army camped on the Burg Brothers tract which caused a scurry among the real owners of the land. Ben Schapiro came over from San Francisco as soon as he heard that General Kelly was using his subdivision for picnic grounds. He wore a disconsolate look when he saw the cooks using some of his fence posts for kindling wood and wanted to telegraph the governor to call out the militia.

This morning arrangements were completed to ship the army of unemployed out of the city. Sheriff R. R. Veale came down from the county seat and conferred with Mayor Ludwig and Chief of Police Jas. P. Arnold. The county authorities agreed to stand the expense of transporting the unemployed on the Southern Pacific road.

At 10:30 the first trainload of men comprising the I. W. W. contingent guarded by a heavy cordon of special police, deputy sheriffs and detectives, two hundred strong, were put aboard the regular local and shipped out of town on their way to Benicia.

At 11:30 290 of the army, under command of General Thorne, were entrained and sent on their way rejoicing.

Immediately after the departure of Thorne's army the Kelly contingent were escorted to the Southern Pacific depot and were shipped out

HUBER LOSES FIGHT IN HIGH COURT

The supreme court on Wednesday denied the appeal which was taken by William F. Huber, justice of the peace in Stege from the decision of Judge Barber sitting in Martinez in extra session, in denying the injunction to hold up payment of Constable George Fraser's salary. The appeal was taken on an order to show cause which Chief Justice Beatty denied thereby affirming the judgment of the lower court which decreed that Fraser can in the future as in the past draw his \$100 per month salary. J. E. Rodgers of Martinez appeared as attorney for Fraser.
